I first met David in Cairns, where I was conducting my annual "Academy Of Off Road Riding School" course. David arranged a 4 day ride for myself and other well known dirt bike personalities such as Lyndon Heffernan, Gavin McLeod, Rick Maddin and Geoff Olholm.

We all had a fantastic time. David's local trail knowledge and experience ensured us the best trail riding adventure Cairns has to offer.

David's passion is his riding. It shows in his professional approach to the task. His bounding personality is always well received. Give Dave a call you will not be disappointed.
